1. 9th Orientation

- a) Could we move orientation to later in the week? YES

3. Retreats

- a) Scavenger hunt with 9th grade was great!

- b) Forge - shouldn't go back unless they have access to all activities

- (1) Fun to not have kids in advisory groups

- (a) Or could we combine 9th and 10th grade advisory groups together or mix students

- (2) Useful to have assignments for faculty (several disengaged faculty members)

- c) 10th grade - mulching went really well!

- d) 11th - went really well

- (1) Students really excited and happy to share their video, but wasn't enough time to share (allocating more time for video sharing)

- (2) Great idea to mix advisory groups

- (3) Could we be more intentional about what topic or area or role of the speaker and the interests of students? Or is it better to be random? Group agreed learning about a role you don't know about can be beneficial

- e) 12th - fantastic

- (1) Great to break the plan, and give unstructured time

- (2) Helpful for advisory groups to develop togetherness throughout the years to lead up to this

- (3) 12th Grade advisors very engaged
