The advisory role includes:

- Development of peer to peer connections and a purposeful community
- Support of families/guide to resources
- Primary point of contact to students and families

9th Grade Affective Ed

Affective Ed fosters the social-emotional development of our students external from the traditional academic arena. It is a one-semester course during the 9th grade year, paired with PE (Wellness). It consists of four components:

- Counseling-Mindfulness
- Digital Citizenship
- Sex Education
- Social Justice and Equity

Community Time

Community Time at Latin is an opportunity to gather as a whole upper school or grade level to promote a school culture that embodies our values of excellence, community, and integrity.
