8 attendees

Nicks pitched value

• Find something their passionate about

• not lectures

• faculty student relationships in/out classroom

• Academic/Extra support outside classroom

• faculty involved coaches

• Unique individualized curriculum

• ISP

• Senior Projects (The learning doesn't stop in their Sr. yr.)

observation:

there is a student who wound up attending
Will she be engaged in the meeting (highlighting friendliness of faculty)

Individualized learning

Lots of Examples of Co-curricular activities

15 minutes in! I wonder, Nick is talking at them versus talking with them?

If it were me, I would have tried to engage the attendees by now.

there aren't any pictures in the Slideshow.
Why not show pictures of PWeek?

Karen now speaks about:

Student Support Team

Proactive
Multidisciplinary
Individualized

Collaboration - Parents
- Students
- Teachers
- outside providers

No Specific Examples

DEI

Global? - did this mean Community

Advisory Program next slide/concept
developing Peer group relationships

This makes me wonder what haven't I seen yet of this marketing/parent engagement process.

Community time - important built into Every day!

Eleanor now talks about DET

Date:

What the schools definitions are...
implying this is something different
Enumerating the groups

Thought:

This process is successful, correct?
What are the numbers saying?

ISCE - What is this? Rachel is mentioning
↳ Entrance Exams

Recs from current teacher
Interviews

Questions from Parents:

Test Timeline

Curriculum question: Is there a curricular anchor?

This is something a parent desires. Sounds
like a great idea to build into a school.
How supported are the students in choosing classes?
